RE: Sauk Rapids, Minnesota  
2025 Overlay and 2025 Highview Area Street &  
Utility Improvements  
*Project Update*  
SEH No. SAUKR 177830 & 177829

Dear Property Owner:

The City of Sauk Rapids is nearing the start of construction of planned roadway and trail resurfacing work this summer affecting multiple neighborhoods across the City (see attached location map). The previously separate 2025 Overlay Improvements and 2025 Highview Area Street & Utility Improvements projects were combined into one Project for the purposes of bidding and construction. The Highview Area scope also includes one block of water main looping along North Highview Drive between East Highview Drive and Oak Drive.

The Project has been bid, and the Project general contractor has been selected: Knife River Corporation – North Central of Sauk Rapids. Knife River has advised that construction is expected to begin on or about June 16<sup>th</sup> starting with targeted concrete curb & gutter and sidewalk replacements completed under traffic.

Additional notification and information will be provided to residents in this area prior to City construction startup. In the interim, if you have project related questions, please contact SEH Project Manager/City Engineer Scott Hedlund or SEH Construction Representative Jeff Supan (contact information below). SEH is the engineering firm that serves as the City Engineer for the City of Sauk Rapids and will serve as the contact between the contractors and residents/property owners.

#### Request for Contact Information

Our project team intends to provide email updates for this project at key milestones, and also intend to provide construction updates via email after the construction begins. We are requesting that individuals provide email addresses and phone contact information for our files. Please send an email to Melissa Blommel ([mblommel@sehinc.com](mailto:mblommel@sehinc.com)) or Scott Hedlund ([shedlund@sehinc.com](mailto:shedlund@sehinc.com)) to have your email address added to our distribution list.

#### Project Website

Project details are also provided on the project website: <https://www.sehinc.com/2025overlayhighview>

Sincerely,

Scott Hedlund, PE, PMP  
Sauk Rapids City Engineer  
(Lic. MN, LA)
