Subject: Project Update- Tree Removal beginning on Monday May 18

Residents of Clearwater Road, the North Lynndale Neighborhood, and Brentwood Circle Project Areas,

Tree Removals to begin the week of May 18th:

SEH crews have marked trees with pink flagging and pink lath throughout all of the project areas. The intent of the project is to remove all trees within the City right of way for construction and grading of ditches. The tree removal work is expected to begin next week.

Please note, additional tree removals may be necessary pending the selected location of sewer and water service stubs for each property. Our team has reached out and asked residents to coordinate the location of the services with private service installers. We anticipate additional removals in the coming weeks once those locations are finalized.

Project Contacts:

If you have any questions or concerns, please feel free to contact Neil Heinonen, SEH at 320.250.2090 or via email at nheinonen@sehinc.com, or Shane Murphy, SEH at 612.226.7984 or via email at smurphy@sehinc.com.
