

5 Critical Traits of Today's Project Manager

The best project managers – those who are protective, virtual communicators, technologically savvy, proactive and deliberate – will help project owners adapt in the years ahead. The following graphic examines five critical traits of a project manager in today's ever-changing, often impossible to predict environment.

Contact SEH Project Manager Toby Muse (tmuse@sehinc.com) for additional insight into the critical traits of today's project manager, industry trends and potential solutions to your project challenges.
